NATIONAL SCIENCE DAY
CELEBRATIONS- 2017
28TH FEBRUARY, 2017

Organized by

Department of Microbiology

Catalyzed and supported by
Telangana State Council for Science and Technology (TSCOST) &
National Council for Science and Technology, DST, New Delhi

In collaboration with
Hyderabad Chapter of Association of Microbiologist of India

Bharatiya Vidya Bhavan

- Established by Kulapathi Dr. K. M. Munshi on 7 Nov. 1938.
- Today we have 119 centers in India, 8 centers overseas, with 367 constituent institutions and over 22,000 members.
- We are a secular, apolitical, cultural and educational Organization.
- We are committed to the Bhavans' ideal, *Vasudhaiva Kutumbakam*, "The World is One Family" and live by its code.

Department of Microbiology

- Established in 1993 with a UG course.
- PG course introduced in 2000.
- Recognized as Research Centre for PhD program in 2015.
- In addition to UG and PG teaching, we are actively involved in summer projects, UGC-funded research, publishing papers and books, organizing and presenting our work, and community outreach.
- The department organized three national seminars in the year 2010, 2012 and 2016.
- Many of our students have secured University ranks (Gold Medals) and qualified in competitive exams like CSIR-JRF, NET, ICMR and GATE.

About the Event

On 28th of February, 1928, Nobel Laureate Sir Chandrasekhar Venkata Raman discovered the "Raman Effect".

Since 1986, 28th of February is designated as the National Science Day by the National Council for Science and Technology Communication (NCSTC).

This Day is celebrated as a Science Carnival to recognize scientific activities and programs by participation of students from schools and colleges, and by scientists from the State and Private institutions.

Objectives of National Science Day:

The theme of the year 2017 is "Science and Technology for specially-abled persons". Our aim is:

- To spread the message about the significance of scientific applications in day to day life and to popularize Science and Technology.
- To display activities, efforts and achievements in Science for human welfare.
- To inculcate scientific temper among the student community.

Inter collegiate Events:

- Poster presentation on Probiotics(3 students/ team ; Print the poster on 9-12 A4 sheet papers)
- Quiz competition on "Microbes in daily life" (2 students /team)

Special Events:

- Demonstrations of experiments by BVC students(3 per team)
- Microbial Zoo - A tour to Microbial world
- Inspirational video on "Science and Technology for specially abled persons"

❖ *Register online from website www.bhavansvc.org*

❖ *There is no registration fee.*

**Cash prizes for Poster and Quiz competitions*
